A GROWING NEWSPAPER TO A GROWING COMMUNITY

Volume 57, Number 14

CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA

Friday, January 26, 1951

G. E. JEFFERS APPOINTED CO-CHAIRMAN FOR CAMPBELL RED CROSS FUND CAMPAIGN; VOLUNTEER WORKERS ASKED TO REGISTER

G. E. "Dobie" Jeffers has been appointed co-chairman of the 1951 Red Cross Fund Raising committee, Chairman Joseph Feit announced today. The drive will start March 1.

"Initial stages of drive organization for the Campbell area have begun, and the plans are shaping up," Feit stated. "In this connection the whole hearted cooperation of Joaquin J. Payne, chairman of the 1950 drive and chairman of the Campbell Red Cross branch, has been invaluable."

Although only a few of the active Campbell organizations have been contacted to date, their response has been most gratifying, he continued. Mrs. Lloyd Brown, president of the Campbell Grammar School Parent-Teacher Association, has accepted drive captaincy for the northern area of the Campbell School District. Mrs. George Petrea, president of the Cambrian Home and School Club, has assured the chairman that the Cambrian area will be well covered by that organization which, in bygone years, has done a wonderful job.

Mrs. Kenneth Bitzer, Moreland PTA president, has promised support in the Moreland School District, wherein lie the new Monte Linda and El Quito residential tracts.

SAN TOMAS, MOORPARK

Mrs. Marjorie E. Martin, president of the San Tomas PTA, will appoint a Red Cross chairman for the San Tomas area at the next PTA meeting in February. Mrs. Howard Womer, Moorpark PTA president, has scheduled a conference with her co-worker, Mrs. Ruby McKee, at which time plans for the fund drive will be outlined for that area.

Mrs. Clarence Fagalde of Dry Creek Road once again has come to the front to undertake the canvassing of the Santa Clara County Hospital. "This is a major task and her enthusiastic response is really heart-warming," said Feit.

VOLUNTEERS NEEDED

Feit has issued an appeal for volunteers to help canvass the growing residential area, stating that "last year we had some 80 workers to cover the Campbell Red Cross branch district. Since then this area has acquired many new residents, and considerably more workers are needed. Anyone wishing to assist us in this work is asked to phone me at Campbell 4149."

To date the following workers, all of whom assisted in last year's drive, have agreed to cover certain areas: Mrs. Virginia H. Ammon, Mrs. Eva Ballot, Mrs. Louis J. Carboni, Mrs. Mary Fabinger, Mrs. Helen Given and Mr. Nicholas Nanassy.

"All in all," said Feit, "we are off to a good start thanks to the fine people in our area."

Cambrian 4H Club Raising Funds By Doughnut Sale

Cambrian 4H Club will conduct a doughnut sale as its money-raising event of the coming year. The event was discussed at the January 12 meeting of the club in Cambrian school.

Club President Mario Serchio divided the club into five groups, with each group selling for one week at the school. Proceeds of the sale will be used for club activities including project tours, weimer roast, state convention and participation in the county fair.

Larry Lucas of the Cambrian club is assisting Chairman Walter Melott of Almaden 4H with plans for the council-wide dance slated for March 3 at the IES Hall, San Jose.

Lucas is one of the 35 Santa Clara County 4-H club leaders who will attend a weekend conference at Asilomar. This conclave is for leaders of Central Coast Counties and is sponsored by the County Club Council and Agricultural Extension Service.

W. J. NICHOLSON GETS CONTRACT FOR FIRE HOUSE

W. J. Nicholson Co., contracting firm, was low bidder for the contract to build the new Campbell Fire House on Central Avenue. Fire commissioners opened this and five other bids Friday evening.

Contract was awarded to Nicholson on his bid of \$19,888.

Nicholson indicated he would begin work immediately. Construction is expected to be completed in about 90 days, barring inclement weather.

Cambrian Students To Get Dog Tags

Dog tags will soon be worn by an estimated 600 children at Cambrian School, following completion of arrangements for blood typing the youngsters. Central Medical Laboratory of San Jose will establish a sub-unit at the school next Monday to begin typing the children's blood. Tags will bear child's name and blood type. Cost of blood typing will be nominal, according to Mrs. Mabel Sosum, one of the school parents assisting in the program.

This will be the first of the schools where children will voluntarily participate in the civil defense measure. Union School Mothers Club will meet soon with Linwood L. Lyons, civil defense coordinator for the county schools, to hear proposals for the program at Union school.

Parents who plan to enroll their children in Cambrian school next year may take them to the school Monday for blood typing.

John R. Lynden, Methodist Trustee, To Be Honored

Mr. John R. Lynden will be honored Sunday morning at the Methodist Church fellowship meeting which follows the worship service. Mr. Lynden, a trustee of the church, will celebrate his 80th birthday.

The members and friends of the church will express congratulations and best wishes in the social hall of the church. Coffee and tea will be served by the members of the Kill Kare Klub of the church.

PRINCIPLES FOR CHRISTIAN LIVING IS BAPTIST TOPIC

"Dynamic Principles in Christian Living" has been chosen as the topic for the morning worship service at 11 o'clock for the Campbell Baptist Church, 115 Sunnyside Avenue, as announced by the pastor, the Rev. Lyle C. Cushman.

"The Purifying Hope" will be the topic for the Sunday evening evangelistic service at 7:30 o'clock. Singing, testimony, Bible exposition, and special music mark the evening hour.

A growing Bible School meets at 9:45 a.m., with two classes for all ages. Two adult Bible classes are provided for the parents of the children. An all-time record was set last Sunday in the number of attendance.

Youth Fellowship meets at 6:30 p.m. on Sunday. Mid-week Bible Study and Prayer Hour is on Wednesday at 7:45 p.m.

CPL. DAVID DAHL'S HEROISM CITED IN KOREAN ACTION

Corporal David A. Dahl, son of Mr. and Mrs. Andrew O. Dahl of 438 Maple Street, Campbell, has been cited for heroic action in Korea.

According to a report received here, Corporal Dahl, RA 19 325 098, Infantry, U.S. Army, while assigned to Company E, 17th Infantry, "distinguished himself by heroic action near Seoul, Korea, on last September 29. On that date Company E was engaged in attacking enemy held ground east of Seoul when they were taken under intense enemy mortar and small arms fire from the right flank."

"When their supply of ammunition was exhausted after an attempt to regain fire superiority, Corporal Dahl voluntarily left his position of cover, and moving through the fire to the rear, located the ammunition truck. Finding that the truck was also under heavy fire, Corporal Dahl heroically and with complete disregard for his own safety, mounted the vehicle and drove it back to the position where his unit was pinned down."

"His courageous actions materially contributed to the repelling of the attack and reflect great credit on himself and the military service."

Recognize China's Red Government, Says Rev. Stephen C. Peabody At Rotary

Chiang Kai Shek's government does not represent the Chinese people, the Rev. Stephen C. Peabody stated emphatically before the Campbell Rotary Club Monday noon. Continuing this line of thought the pastor of the Congregational Church of San Jose urged that the United States recognize the Communist Chinese government, and vote for admittance of Red China to the United Nations.

Rev. Peabody said recognition would permit this country to deal directly with the Red Chinese. He added that although Mao Tse Tung's government is a positive communist government, China will not continue to take orders from the Kremlin and will become a separate Tito-like state.

Speaking on "America's Asiatic Policy," the minister stated that the Chinese are a fine people with a deep culture based on the family unit. In later years China's history has been one of revolutions: the Sun Yat Sen revolution, literary renaissance following translation of the Bible; social and industrial revolution and religious revolution. Now, China is undergoing a communist revolution.

The record of U. S. China relations has been generally friendly, said Rev. Peabody. When indemnity payments for the damage caused by the Boxer rebellion were made to the U. S., the money was returned to China to finance education of Chinese students in this country.

MILITARISM NOT ANSWER

Rev. Peabody condemned American militarism toward China, claiming McArthur's way is not enough. Neither is philanthropy enough, he said. In order to establish friendly relations with the Red Chinese government this country should, he suggested, recognize Red China, admit it to the UN; reiterate the statement that war is not inevitable; grant economic aid without strings; deny funds for military supplies to either Red China or Chiang Kai Shek. This latter because Red China has succeeded in capturing tremendous amounts of US produced war material from the Chiang forces and this material is being used against US forces.

Other suggestions were that the United Nations must receive this country's unqualified support, that the United States must reaffirm its willingness

Whiskerino Participants Not Required to Register for Contest

MARCH OF DIMES TOTAL \$631.16; CAMBRIAN SCHOOL CONTRIBUTES \$400

Campbell's annual March of Dimes drive has raised \$631.16 during the first two weeks of the campaign, George Egling, faculty advisor at Campbell Union High School, announced today. Campbell Union High School students traditionally handle details of the community drive to raise funds for polio research and treatment. Alex Stepovich, as student

Westiders Call Public Session On Sewer District

Facts about formation of a sewer assessment district will be outlined at a public meeting tonight at 7:30 o'clock in Moorpark school, sponsored by the Westside Planning Committee. John Linn is the committee chairman.

Area concerned is that bounded by Santa Clara-Los Gatos Road and Sanitation District Four on the west; Pruneridge Avenue, Forest and Hedding Streets on the north, Bascom Avenue on the east, and Moorpark Avenue on the south.

Should residents favor the plan for a sewerage collection system, the assessment district would become a separate section of District Four. The system would be financed either by cash paid by property owners or assessment district bonds.

Prune Products And Politics Given Kiwanis Hearing

T. A. Schwartz, head of the research department of the California Prune and Apricot Growers Association, spoke on prunes and international politics at the Campbell Kiwanis Club meeting Tuesday noon.

In describing work of his department, Schwartz commented that if international politics were handled on scientific research lines there would be less unrest in the world today. He advocated favorable consideration of the Hoover recommendations on this country's world policies.

Schwartz and his department have been instrumental in developing important prune by-products, including prune juice and powdered prunes. The powdered prunes, which proved a difficult problem since the moisture content must be kept under two percent, are used in the sugar-coated patent medicine laxative pills.

In development of the prune juice, the main concern was both consistency and food value.

Schwartz was introduced by J. Howard Payne, chairman of the week.

Dave Sanders, next week's chairman, will present Al Kelly of Kelly Bros. House Movers, who will speak on "Engineering Problems in House Moving."

Youth Fellowship Discussion Meet

Phyllis Young will present the discussion topic at the Methodist Youth Fellowship meeting Sunday evening at 7 o'clock. The topic is "Heaven, Hell, and the Devil." The worship service will be conducted by Ray Dohoney.

After the worship and discussion the group will go for a pilgrimage to one of the church homes. Mr. and Mrs. Ward Edsinger are the counselors of the group, and the Rev. L. J. Osborne the resource leader.

Settlers' Day Parade One Of Biggest, Chairman Predicts At Committee Meet

Registration will not be required of Campbell area residents who wish to enter the Old Settlers' Day Whiskerino contest, Junior Wirth, contest chairman, announced today. Since the whiskerino event was approved rather late in the planning, it was agreed by the committee that anyone in the Campbell, Cambrian and San Tomas areas will be eligible.

GRANGE VETOES PLAN TO SELL LOT IN BUSINESS AREA

Grange members turned thumbs down on a proposal to sell their lot at the corner of Fourth and Sanford Streets, after giving the matter considerable discussion on Tuesday evening. The 100x135 foot lot is in a C-2 commercial zone, members pointed out, and the value is constantly increasing.

Were the lot to be sold and the Grange to seek property elsewhere, it is probable that a new site within range of the Grange pocketbook would be some distance from the main section of town. This, said those opposed to the sale, would be inconvenient for elderly people without cars, and the Grange could expect difficulty in effecting a zone change which would permit it to erect a suitable meeting hall.

The committee on the campor tree planting project for Winchester Road recommended that the project be dropped for the present since only small campor trees are available at Davis. Grange members accepted the recommendation.

Grangers voted to provide a bulletin board or binder for the listing of small and miscellaneous items which members may have for sale. J. C. Gordon recommended this as a means of advertisement.

VISITORS

Honored at the meeting were Ernest Angelo, Cupertino Grange master, and Ed Standish, Pomona District deputy. Standish formally installed Jerry Locke as executive committeeman and also obligated Alma DuBois and J. W. MacKenzie in the first and second degrees.

Home Economics officers for the year are: Leone Keesling, chairman; Bessie Merrill, vice-chairman; Ora Lear, secretary; Katherine Shadle, treasurer; Nellie Skillman, chaplain, and Flora Raab, custodian.

Grange committee chairmen are: J. C. Gordon, taxation; Harry Barnes, legislation; Wesley Young, clause, gardening; Mark Purmort, roads and highways; Martin S. Walsh, public affairs; Richard Merrill Jr., poultry; Elizabeth Emery, hospitality; Albert Smith, agriculture; Mervyn Keesling, marketing; Jerry Locke, soil preservation; Laurence J. Hill, education; Sarah Blue, youth membership; and David F. Rutherford, publicity.

A collection was taken for the March of Dimes.

A. J. Emery was in charge of the kitchen staff which served a clam chowder repast to the members.

Next meeting of the Home Economics Club will be on February 9 at 1:30 p.m. in the home of Nellie Skillman, 506 Flagg Avenue, San Jose. Pomona Home Economics will meet at the Little Federated Church on White Road, January 31, with potluck luncheon at noon.

Dies Suddenly

Gilbert Glen Loveday, 51, of 16 Page Street, Campbell, died suddenly Thursday morning while picking cotton near Tipton in Tulare County. He was the brother of Benjamin Earl Loveday who passed away January 10 in Arizona.

Loveday was a veteran of World War II. Funeral arrangements are pending at the Rutherford Funeral Home, Campbell.

BEAT INFLATION!!

Watch for Campbell's big first annual Dollar Days. Shop with confidence with your local merchants and count your savings!

Awards will be made by age group and artistic grooming. At a meeting Tuesday night in the school district administration offices, committee chairman for the various divisions reported to General Chairman John Duncan on progress of arrangements for the February 22 event.

Parade Committee Chairman Forrest Reese reported that Ed Fellows, San Jose attorney, and Tim Sullivan, San Jose dairyman, have accepted invitations to serve as parade judges. A third invitation is to be extended, this to Chief of Police Phillips of Los Gatos. Delay in the latter case has been due to the chief's illness.

Ribbons for parade awards have been received, said Reese, and trophies are on the way. Entries for the parade are coming in slowly. Ira Grim, said Reese, has done a fine job in contacting riding groups which he has invited to participate in the parade. Grim is chairman of the parade's mounted division.

Business and Professional Women's Club members are preparing details of the float on which the Old Settlers' Day Queen, Mrs. Jessie Campbell, will ride.

Jack Chappell will handle traffic patrol work for the day. Arrangements have been made to close off all streets entering Campbell Avenue, from the bridge to Winchester Road, between the hours of noon and 3:30 p.m.

Alternate routes for traffic will be along Gilman to Rincon to Winchester, or Milton to Latimer to Winchester.

Invitations to enter the parade have been extended to all who took part in last year's parade. Reese stated, and to all who participated in the Beverly-Burbank parade. "This promises to be one of the largest parades in the history of Old Settlers' Day," he commented.

Junior Chamber of Commerce and a woman's group of the Methodist church will have refreshment concessions during the day. Folk dancers will handle the refreshments for their event.

Commander A. W. Scott is scheduled to announce plans for OSD on his Sunday radio broadcast over KCBS at 12:15 p.m. the week before the parade.

Present at the meeting were Chairman Duncan, Junior Wirth, Mark Purmort, William C. Henley, Reese, Mrs. I. O. McConnell, Jack Chappell, Marion Harp, E. W. Barnes and Don Graciar.

George Kemp, chairman of the souvenir program committee, said today that merchants are showing fine support of the publication through advertisement purchases. The booklet will be printed in time for distribution through local stores.

Basket Lunch And Folk Dancing For Campbelleros

Campbelleros, the 'teen age folk dance group, will have a basket lunch and folk dancing on Saturday, February 4, from 5 to 10 p.m. The public is invited to attend.

Square and folk dancing will be the order of the evening. All ladies are asked to bring a basket lunch and these will be auctioned at 5:30 p.m.

Ray Williams is president of the Campbelleros. Advisors are Mr. and Mrs. Walter Williams, Mr. and Mrs. Walter Snyder, Mrs. Fred Cox and Mr. James Peterson.

Campbell Dollar Saving Days Start Next Thursday

BPWC WELCOMES NEW MEMBERS AT SPECIAL EMBLEM CEREMONY

Nine new members and a transfer from the Los Gatos club were welcomed at the meeting Wednesday evening of the Campbell Business and Professional Women's Club. The president, Mrs. Cecile Schadt, presided.

Membership and emblem chairman Azalea Shaw, and Ann Levine were in charge of the emblem ceremony conducted for the new members. The reader was Gwendolyn Steindorf.

New members are Mrs. Lillian Mirassou, Mrs. Dorothy Jenners, Mrs. Jackie Dickenson, Mrs. Jane Wade, Miss Jean Gordon, Miss Mary Alice Grim, Miss Beatrice Schmidl, Miss Marie Bechlen, Miss Rhena Rhoads and Mrs. Helen Atkinson, the latter the transfer member.

Not present were two other members, Mrs. Thelma Nelson and Mrs. Esther Burnett.

Reports on the district conference held in Santa Cruz January 13 and 14 were given by Mrs. Edith Anderson and Mrs. Lillian Mirassou. Mrs. Schadt and Mrs. Steindorf also attended the conclave.

Mrs. Emily McConnell gave a progress report on the BPW plans for Old Settlers Day and announced that Mrs. Jessie Campbell has accepted the invitation to preside as queen of the festivities.

A piano duet was performed by Jackie Jensen, Campbell grammar school eighth grader, and Sylvia Woodkey, eighth grade pupil from Mountain View.

Mrs. Schadt read a thank you note from the Veterans Administration Hospital for the party given there by the club early this month.

Plans Easter Fashion Tea

Plans for an Easter fashion tea to be held March 9 in the school auditorium were discussed at the January meeting of the Cambrian Home and Study Club.

An interesting talk on poliomyelitis, its cause and effects, was given by A. Vladimiroff, physical therapist at the Santa Clara County Hospital.

Members were entertained by a program presented by third graders. The children's mothers served as hostesses for the day.

Try the Campbell Press for your JOB PRINTING Needs!

CHILDREN'S SERVICE GUILD MEMBERSHIP TEA NEXT MONDAY

The home of Mrs. H. T. Miller, 90 N. San Jose-Los Gatos road, just north of Campbell Avenue, is to be the setting for the annual membership tea of the Children's Service Guild of Santa Clara County Hospital, Monday, January 29. Tea will be served at 2:30 p.m. and the affair is open to all guild members, guests, and any persons interested in the guild's activities and its recreation program for convalescent children at the hospital.

Mrs. Miller is chairman of the tea and all active Play Ladies will serve as her committee. An excellent program will be given including a short talk by Mrs. Mae Widmann, chief nurse in pediatrics at the hospital, and a puppet show by Miss Antisdel and Miss Herron.

Children's Service Guild is now in its third year, and grew out of the enthusiasm of a small group of women who served as the original Play Ladies in response to a suggestion of the county nurse and doctor. Its moving spirit and first president was Mrs. Vincent Gorman, who spoke of the need for Play Ladies at the PTA and Legion auxiliary meetings, and from these the first members were drawn.

Membership in the Guild is open to all women who are interested in the recreation program for children. Play Ladies visit the hospital each week, entertaining the children in many ways. Women who are unable to make visits to the hospital are also welcome

Varda Richardson Becomes Bride

Varda Jean Richardson became the bride of Private Eston L. Allinson, USAF, in a wedding ceremony December 16 at the chapel of Keesler Air Force Base, Mississippi. Lieutenant H. P. Schaeffer, chaplain, USAF, read the service. The bride is the daughter of Mrs. and Mrs. F. F. Richardson of 111 Carlyn Avenue, Campbell.

Mr. Harold L. Richardson gave his niece in marriage. She wore a gown of white satin styled with fitted bodice which buttoned down the back, and lace edging. A crown of orange blossoms held her veil. On her Bible was a bouquet of white carnations with satin streamers.

HONOR ATTENDANT

Miss Nancy Richardson, cousin of the bride, was the maid of honor and wore a pink satin gown. Her old-fashioned bouquet was of pink and white carnations.

Pvt. Dave Heller, USAF, was the best man. Sgt. E. G. Lindsey, organist, played "Because" and "The Lord's Prayer." Arrangements of pink and white gladioli decorated the church.

When the couple left the church 34 of the bridegroom's fellow air force men formed a double row as guard of honor.

Only members of the immediate families were present at the ceremony. A reception followed at the Biloxi, Mississippi, apartment, where the couple are now residing.

When Pvt. and Mrs. Allinson left on their honeymoon, the bride wore a green tailored suit with black accessories and carnation corsage. She is the sister of Miss Margaret Richardson of this community. She attended Campbell High School and was affiliated with Theta Rho girls. Her husband, son of Mr. and Mrs. A. A. Allinson, 1502 Arguello Street, in Redwood City, attended Sequoia High School. He is the brother of Virginia, Shirley and Dale Allinson.

Louella Mae Rice, Russel Kennedy Planning Summer Wedding Ceremony

A summer wedding is planned by Miss Louella Mae Rice and Russel N. Kennedy of this city, whose engagement was announced by the parents of the bride-elect, Mr. and Mrs. Herman Y. Rice, during the Christmas holiday season.

Both Miss Rice and Mr. Kennedy are well known in this community where they have attended the local schools. Miss Rice is a member of the senior class at Campbell High School, and is affiliated with Job's Daughters. An

Moorpark PTA Rag Collection Nets \$105

Moorpark School's recent Parent-Teacher Association-sponsored rag drive brought in about \$105 worth of rags. Principal John Duncan reports. Room winners receiving the \$2.50 prize money awards were Evelyn Cassidy's second grade and Catherine Halliwell's third grade. The school was divided into two teams for the drive—kindergarten through second grade and third grade through sixth.

Money from the rag drive will be used for P.T.A. activities during the year.

HOMEMAKERS HEAR TALK ON WOOL AND USES

Cambrian Homemakers Unit of the Agricultural Extension Service heard an interesting lecture on "Wool and Its Uses," at its meeting Wednesday afternoon in the Cambrian School auditorium.

Mrs. Patricia Slijk, home advisor for the extension service, gave the lecture and demonstration.

At the next meeting, on February 28, the subject will be "Accessories," to be presented by the Mesdames C. F. Helmbold, Max Nigl, C. T. Mitchell and Dorothy Dahomey.

MISS LOUELLA MAE RICE

accomplished pianist, she attended the music camp at the College of the Pacific last summer, and is now taking up a new study, the pipe organ.

Mr. Neal, son of Mr. and Mrs. E. R. Kennedy, attended San Jose State College after completing his studies in the Campbell schools. He had service in World War II and, after receiving his discharge, attended Cal Poly. He is now engaged in ranching at Willows where the couple expect to make their home after their wedding this summer.

Camp Fire Girls Program For Garden Club

Campbell Garden Club, Inc., enjoyed a program presented by the Camp Fire Girls group which it sponsors, when the club met January 17. Mrs. Henry Parysek, club president, conducted the meeting.

Two films were included in the afternoon program. They were the Standard Oil Co. movies, "Plant Life" and "Hawaiian Fantasy."

"Herbs" will be the subject of the next meeting on February.

WOMAN'S SERVICE CLUB TEA OBSERVES 22nd ANNIVERSARY

Members of the Woman's Service Club of Campbell observed the twenty-second birthday anniversary of the organization at a birthday tea Wednesday afternoon in the library building. Since the club sponsored organization of the Campbell Community Club, members of the latter group were introduced as special guests by their president, Mrs. George Egling.

Belle of Portugal roses, silvered leaves and dusty miller decorated the hall, and tiers of pink camelias centered the tea table. Mesdames William Ostermeier, Herbert Binley and LBen Howard arranged the beautiful decorations.

Mrs. Marlitt Stark entertained with several amusing readings, and the String Trio, comprised of Beverly Clawson, Mardel Sanders and Joyce Klassen, completed the program by playing "Cavatina" and "Holiday for Strings."

Mrs. Frank Richardson, club president and chairman for afternoon, was assisted by Mesdames Herman Rice, Richard Gordon, Lawrence Osborne and L. E. Means.

At the conclusion of the program tea was served by the committee. Mrs. J. M. Dahl and Mrs. R. C. Flagg presided at the tea table.

WSCS Board To Meet

Executive board members of the Women's Society for Christian Service of the Campbell First Methodist Church will meet in the parish hall at 10 a.m. on February 1.

BAPTIST GROUP HOLDS SERVICES IN NEW CHURCH

First services in the new church edifice at 81 N. First Street, Campbell, were conducted last Sunday by the First Baptist Church of Campbell. Morning worship service is at 11 a.m., and the Sunday school at 9:45 a.m.

Pastor of the church is the Rev. Robert Edward Townsend, an assistant professor at the Golden Gate Baptist Theological Seminary in Berkeley. Rev. Townsend has been the pastor since his arrival here shortly before Christmas.

Dedication services for the new church will be conducted on Sunday, February 4, beginning at 2:30 p.m.

Mass Meeting For Volunteers In Local Area

A mass meeting for volunteers in County Civil Defense work has been called for Wednesday evening, January 31, at 7:30 p. m. in the American Legion hall at the east end of Isabel Drive by E. T. Thompson, Zone Warden of the Burbank (Zone 11) southeast area.

Thompson served as Zone Warden of this same (Hamilton) area during War Two, the boundaries of which are as follows: south of Moorpark; west of Guadalupe Creek; north of Hamilton and east of San Jose-Los Gatos highway.

Particularly wanted are men not liable for military duty, who wish to serve under County Defense as block wardens, auxiliary firemen, or auxiliary police.

Those with C. D. experience during the last war are urged to register for the type of duty they wish to assume under the new county-wide organization, according to Commander Waynflete.

Included in the Burbank Southeast area are residents of Glen Eyre, Lester and Garfield between Lincoln and Carolyn. Excluded are residents of Westwood Drive, according to civil defense zone maps provided by County vice-Commander E. B. Hughston.

Handbill reminders will be distributed to every home throughout this area prior to the Wednesday meeting, according to Zone Warden Thompson.

Report Budgets Woman's Expenses

Looks like they even have statistics on single working gals these days. Anyway from a recent report issued by the Industrial Welfare commission of California, they know such details as the average cost in the State of a minimum budget for a single working woman.

In the fall of 1950, a single working woman's minimum budget was \$2,003.98. Of this amount, states report, \$1,071.68 went for food and housing, \$180.76 for clothing, \$31.79 for carfare and transportation, \$105.79 for vacation and recreation, \$66.45 for miscellaneous items, and \$52.00 for insurance and emergencies.

The Industrial Welfare budget formulated by the commission was designed to measure the annual cost of a minimum standard adequate to supply a proper living.

The woman for whom the budget was priced is single without dependents, lives in a boarding house, and is entirely self-supporting. The allowances in the budget were designed to permit the woman to maintain her health and provide for her welfare at minimum cost.

Alumni Appoint Juliano Head

In one of the most important steps since its organization, the San Jose State Alumni association has appointed a full time secretary-manager to administer the business activities of the group.

Joe Juliano, former manager of the San Jose Padres, was elected to the post and will maintain headquarters at 210 S. First Street, San Jose. Mr. Juliano stated that he is starting at once a program of rejuvenation and the enlargement of the scope of activities of the alumni organization, which has one of the largest memberships of the college on the Pacific Coast.

Hot Tamale Pie Ideal Dish

Even though every homemaker certainly deserves a rest after all her holiday cooking and baking, the pleasure of having friends in for supper needn't come to a full stop during January. Provided its well planned around one appetizing dish, a simple menu can provide as much good eating as an elaborate one.

This hot tamale pie serves ideally as the main attraction for such a menu. It can be prepared well ahead of the guests' arrival, it eliminates a lot of the effort that always seems to go with getting dinner on the table, and its delicious taste appeals to the men-folks just as to the ladies. The hominy paste is exceptionally rich and because all dry ingredients are blended with a remarkable new vegetable fat enricher, now being featured at local groceries, which is used much like cream for only a fraction of the usual cost. One bite and you and your guests will say this tempting tamale pie comes honestly by its amusing name.

"Second-Helping" Tamale Pie

Meat Filling:
1/2 pound shoulder (or lean) pork
1 pound lean beef
Flour, salt and pepper to taste
1 medium-sized onion, sliced
1 8-ounce can tomato sauce
1 cup water
1 teaspoon chili powder
1 teaspoon powdered cumin

Hominy Paste:
1 No. 2 1/2 can yellow hominy
1/3 cup Thrifto Enricher
1/2 teaspoon salt
3 tablespoons flour

Cut meat into 1-2 inch cubes, dust well with flour, salt and pepper. Brown in drippings. Add onion, tomato sauce, water, and seasonings. Simmer gently for about 30 minutes or until meat is tender. While meat is simmering, prepare hominy paste. Grind hominy or cut finely in chopping bowl. Add Thrifto Enricher, salt and flour, and stir to form a soft dough. Grease a shallow casserole well and pat hominy paste around bottom and sides, reserving a portion for the top. Pour meat mixture into casserole, cover top with rest of hominy paste. Bake in a moderate oven (350 F.) for one hour. Serves 6 generously.

Along with this delicious dish, served a tossed green salad and hot garlic bread. Then top off the meal with baked apples

American Trust Co. Deposits Exceed Billion Dollars

Deposits of American Trust Company on December 30, totaled \$1,018,097,265, as compared with \$937,432,332 for the corresponding date in 1949.

Loans and discounts totaled \$462,424,160, as compared with \$374,736,073 on December 31, 1949. Total resources stood at \$1,090,914,490.

Net operating earnings for the year 1950, after amortization of securities and provision for income taxes, amounted to \$4,264,123, as compared with \$4,325,910 for the previous year. Dividends declared during 1950 amounted to \$1,529,853. Capital, Surplus and Undivided Profits at the close of the year totaled \$47,447,330, an increase of \$7,504,929 over December 31, 1949. Of this amount, \$5,284,336 represented proceeds from the sale of additional common stock. At the year end, Surplus by a transfer of \$1,295,173 from plus was increased to \$22,000,000

First Aid Training Among Teachers

Principals of schools in the Campbell Union School District are making a list of their teachers who hold Red Cross First Aid certificates, Superintendent William C. Henley reported today.

The list is one of the first moves in working out civilian defense procedures for the school district. Courses in First Aid will be set up for training, Henley said. Teaching will be done through courses given by the high school and Red Cross.

By JERRY THOMAS

CINDER CHART... With the Campbell high school track and field record now compiled up to the latest date, a proper, convenient and permanent performance board had to be built.

Junior Morgan, cinder mentor, with the aid of practically every department in school, has devised, cut, and striped a huge 4'x8' plywood board which will hold every track and field record set by the A, B, and C teams since 1928.

To illustrate only one tedious point that exemplifies the amount of labor involved let us consider the striping of line painting.

It took more than a week to stripe the entire surface which was then painted over with poster ink. Thus when new records are established, only a damp cloth will be mandatory to eradicate the former marks and performers.

Another innovation introduced by Morgan, an enterprising gent to say the least, is the use of personality or publicity sheets. Currently the Buc cindermen are filling out a set questionnaire, stating high school records, junior high marks, hobbies and sundry other data.

SCVAL SCORING... Official figures show that Campbell's Jumpin' Jack Bray is currently holding down second place in the race for scoring honors in the Santa Clara Valley Athletic League's basketball loop.

The springy Buc center has totaled 47 points in three games thus far for an average of 15.6 per game.

Heading the list is Fremont's

Shelley Beebe, who has scored 56 points in three games or an average of 18.6. The other three top sharpshooters are Santa Clara's Burgos with a 15-point average, and Ralph Juhl, Washington, and Ray LaBrucherie, Live Oak, tied with 11.3-point averages.

We wish to express our thanks and appreciation to Bob Pentzer and Frank Cabral, two Buc sports enthusiasts, for their trouble in compiling these statistics.

TROUBLE A'FOOT... McCune Citrus' hopes of repeat-

Bob Wuesthoff

ing as second-half champs in the local Senior Cage League have been dealt a severe blow

General Track Call May Total 100 Men

Approximately 100 track and field hopefuls are expected to answer the general track call issued this week by Cinder Coach Junior Morgan at Campbell high.

Today marks the second and final day for sign-ups, Morgan said. Tentative plans have gear and sundry equipment distributed next week-end.

Morgan announced that the variety will have about five weeks to prepare itself for its meet with the San Jose State college Frosh. The annual inter-class track meet will be held the first week in March.

Extremely high track fever has engulfed the Buc aspirants. It was disclosed that already more than 40 men have signed up prematurely. An exceptional large freshman turnout is expected if early trends follow suit.

when Bob Wuesthoff, stellar guard and ace playmaker, chipped the bone in his left ankle earlier this week.

The ankle will be in a cast for about a month, which probably means a five or six week lay-off.

The loss of Wuesthoff, former San Jose State College great, is the second player-loss suffered by the McCune five recently.

Winners in the San Jose City league also, and unbeaten in 10 games, they lost Eddie Forrester three weeks ago when he was called into service.

Evidently the fates will take a deciding hand in determining the ultimate leader in the oncoming second half play. Another key loss may seriously hamper McCune's chances.

Although Wuesthoff is noted for his floor play, pace setting, and general leadership, McCune is fortunate to have a man of equal ability. He is Hal Sonntag, former captain of the Spartain five in 1946. For four years he set the pace and tempo for Walt McPherson's charges.

BY THE WAY... We just learned that Chief Petty Officer Norm Corvello, former softball star for the Kiwanis Katzenjammers, is still at Treasure Island, practically running the joint single-handedly.

Corvello will go down in Campbell's sports annals as one of the heroes in last year's Kiwanis-Rotary softball fiasco. He was the only player not to strike out more

Rogers Breaks Own Scoring Mark

The Campbell Elementary schools A and B cage teams continue to play unbeatable ball in the Santa Clara County Grammar school league.

Both clubs captured their seventh straight win Wednesday afternoon by trimming the two Los Gatos teams on the loser's home grounds. The A's led by Rogers and his 19 points, won 37 to 31. The B's also won a close one, 27 to 26.

The big news about the local campus is the new scoring record posted by Rogers in the game against Cupertino last Friday. The classy forward netted 30 points to break the mark of 24 points that he had set only three weeks ago.

Campbell walloped the Cupertino crew, 51 to 11, with the B's taking a 15 to 13 victory.

SJS Coach To Speak At CUHS

Walt McPherson, basketball coach at San Jose State college, will be guest speaker at the Campbell high school's Boy's League Assembly Thursday afternoon, according to Jim Muir of the Physical Education staff.

John Hoover, president of the organization, will be chairman of the semi-annual meeting to be held in the school auditorium.

McPherson, one of the leading cage mentors on the West Coast, is now in his eighth year as Spartan coach. He has compiled a commendable record of 133 wins and 68 losses over a seven-year span.

Also on the agenda is the introduction of candidates for spring officers.

than three times... He only batted three times.

Norm, currently in charge of the mountains of paper work (to be found only in the Navy) necessary for the equipping and supplying of aircraft carriers that are forever docking in San Francisco's harbor.

No doubt he'll straighten out the naval affairs in time to merit a two-day pass for this summer's annual inter-club softball duel. At a 36-hour chit,

Buc Matmen Meet Los Gatos Today;

The Campbell high school wrestling team, undaunted by an early deficit, rallied Tuesday afternoon to eke out a thrilling 23-22 man win over a rugged Sequoia prep squad.

Local sports fans are still buzzing over the comeback made by Coach George Miskulin's charges.

After seven matches were completed the clouds hung low for the home club as they were trailing, 19 to 8, with only four matches remaining.

The Bucs won five of the 11

matches but their points were amassed when four Sequoia men were pinned. In high school wrestling, a pin is worth five points while a decision earns a team three points.

Facing that 11-point deficit, Campbell's Stepovich, David, and Lynes pinned their respective opponents to add 15 points to Buc's ledger.

In the final match, Sequoia, as PAL powerhouse, needed a pin in order to cop the dual affair. But Campbell's Abernathy was decisioned thus accounting for only three points for the visitors.

Miskulin sends his squad back to the SCVAL wars this afternoon as the Los Gatos Wildcats furnish the opposition in the Campbell gym.

Three Buc first-string matmen will be missing from the fray due to injuries. Sam Lopez, leading heavyweight, is out for the season, a victim of pleurisy.

Dan Duarte, defending league champ at 133 lbs., is still nursing a bruised rib. Bill Blue, 103-lb. grappler, is idle with a strep throat.

Following are the results of the Buc-Sequoia meet:

103-Goss (S) dec. Rakstead
112-Vossler (C) pinned Condos, second period
120-Layo (S) dec. Barton
137-Julian (S) dec. Farnham
133-Hegarty (S) pinned Tony Caneda, third period
138-Abe Lopez (C) dec Harper
145-Reetz (S) pinned Cox, third period
154-Stepovich (C) pinned Phillips, second period
165-Lynes (C) pinned Gongh-ran, second period
175-David (C) pinned Cohen, third period
Hvvy.-Ronner (S) dec. Abernathy.

Buc Cagers Meet Potent Wildcat Five Tonight; Bray Paces 41-26 Win Over Lick

Having hustled their way to two wins in SCVAL play in the three starts, the Campbell high school basketball team will have to maintain the rapid pace tonight against the Los Gatos Wildcats if they wish to remain in the championship running.

Coach Bert Robinson's squad practically waltzed to a 41 to 26 victory over James Lick High last Friday at the local gym.

A standing crowd saw the Bucs jump off to a 13 to two first quarter and take things easy from then on out.

Tonight's action on the Campbell floor may tell a story with a different tale. The Cats currently are unbeaten and tied for first place with Washington high.

Lead by Jim Brian, dead-eye center, the Wildcats smashed Mountain View, 51 to 39. Benny Pierce, who bothered the Bucs while cavorting on the gridiron last fall, is team playmaker and floorman deluxe. He is not shy at the basket either, as his 11 points against the Indians stand as proof.

Jumpin' Jack Bray paced the locals to their win over the Comets as he netted 19 points on seven field goals and five free throws.

Halftime score was Campbell 20, Lick nine.

Robinson was well satisfied with the drive and hustle of his starting five. Thus the same lineup of Tersigni and McKully, forwards, Bray, center, and Walters and Mantia, guards, will once again take over at tip-off time.

Frosh Win Thriller
Tommy Hill, Buchabe forward, sank an all-important free throw in the final three-seconds to give the Campbell lightweights a 25-24 win over the Lick 130's in a preliminary contest.

The charity toss capped a second-half uphill struggle

for the winners. At halftime they were on a short end of a 7-12 score. Barton and Harris shared scoring honors for the locals with seven points apiece.

The squad will meet their Los Gatos counterpart in another preliminary game tonight at approximately 6:30 o'clock.

Campbell Area**

One case of scarlet fever and one of chicken pox were reported in Campbell for the week ending January 13, the County Health Department has announced.

**Judge Walsh Speaks
To Los Altos Kiwanis**

Justice of the Peace Martin S. Walsh of Campbell gave a talk on early California history and the admission of the state to the Union at a recent meeting of the Los Altos Kiwanis Club.

DO'S AND DON'TS FOR SAFETY**Atomic Blast
Need Not Be Fatal**

(In this column is continued the publication of the U. S. Government's booklet, "Survival Under Atomic Attack.")

Local utility companies will give you detailed instructions about gas, electricity and so on.

Your local utility companies can give you detailed instructions about your gas, pilot lights, and so on. If you have a coal-burning furnace or wood stove, be sure to close all its fuel and draft doors. In other words, do all you can to prevent sparks and to put out or cover open flames.

KEEP A FLASHLIGHT HANDY
Should attack come without warning, take these same precautions right after the raid. Keep at least one flashlight handy and don't strike a match to light your way down into a darkened basement. Gas or oil fumes may be present and an explosion could result.

**WHAT ABOUT LINGERING
RADIOACTIVITY?**

Air bursts leave no dangerous lingering radioactivity. Knowing how to protect yourself from blast, heat, and explosive radioactivity, only one major problem remains: That is how to avoid harm from lingering radioactivity.

Explosive radioactivity bursts from the bomb at the time of explosion and lasts for only little more than a minute.

Lingering radioactivity comes from bomb "ashes" or unexploded atomic fuel.

Lingering radioactivity remains for a longer time, from a few minutes to weeks or months, depending on the kind of radioactive material.

Lingering radioactivity may become a danger when atomic bombs are exploded on the ground, underground, or in the water. Air bursts leave no dangerous lingering radioactivity.

Most lingering radioactivity comes from leftover bomb wastes, or "ashes," technically called fission products. They consist of countless billions of fragments, or pieces, of atoms split up in the explosion. Smaller, and usually less dangerous, amounts of lingering radioactivity may be thrown off by scattered atoms of uranium or plutonium that fail to split up when the bomb goes off.

Lingering radioactivity acts like dust and is hard to get rid of. Avoid it whenever you can.

These totally invisible radioactive particles act much the same as ordinary, everyday dust. When present in any quantity, they are scattered about in patches and contaminate, or pollute, everything they fall on, including people. While they can be removed easily from some surfaces, they stick very tightly to others. It is practically impossible to get absolutely all of them out of household corners and cracks. Most of the time, it is far easier to prevent pollution than it is to remove it.

**WHAT ABOUT RADIOACTIVE
CLOUDS?**

In air bursts radioactive dusts are spread so widely that they are unlikely to harm people.

In spite of the huge quantities of lingering radioactivity loosed by atomic explosions, people fortunately are not very likely to be exposed to dangerous amounts of it in most atomic raids.

Since high-level bursts do the greatest damage, that is the kind we can expect most often. When atomic weapons are exploded in mid-air, the violent, upward surge of super-hot gases and air quickly sweeps practically all the radioactive ashes and unexploded bits. Most of them are carried harmlessly off in the drifting bomb clouds. High-level explosions definitely will not create "areas of doom", where no man dares enter and no plant can grow. In fact,

of bomb fuel high into the sky. They will leave very little radioactivity on the ground, even near the point of explosion. Firefighters and rescue teams can move promptly toward the center of destruction with little danger of facing harmful radiation.

**Don't worry about high-level
radioactive clouds.**

And regardless of all you may have heard or read concerning the dangers of radioactive clouds, after the first minute and a half there is actually little or nothing to fear from those produced by high-level bursts. While most of the radioactive materials swept up into the sky eventually fall back to earth, they are so widely and so thinly spread that they are very unlikely to offer any real dangers to humans. Thousands of bombs would have to be set off in the air before serious ground contamination would be found over really large areas. There was no ground-level pollution of any importance following either of the two Japanese atomic bombings.

**Gustav A. Dahms
Pioneer Club's
Treasurer, Dies**

Gustav A. Dahms, 80 died Monday, January 22 at his home here after an illness of several months. A long time resident of this community, he had been a member of the Pioneer Club since its founding two years ago, and served as its treasurer. He was a native of Germany.

Dahms leaves his widow, Mrs. August Dahms; daughters, Mrs. Nora Newman of San Jablo, Mrs. Elsie Meredith of Palo Alto, and Mrs. Alice Geist of Mendota; a son, Walter Dahms of Campbell; a brother, Henry Dahms of Hampton, Nebraska; 13 grandchildren and five great-grandchildren.

Funeral services were conducted Wednesday at 2 p.m. from the Rutherford Funeral Home, Campbell. Interment was at Santa Clara City Cemetery.

**Cub Committee Plans Future Events;
Blue And Gold Pot Luck On Agenda**

Parent Committee, including committee members and parents, of the Cub packs in the Hamilton area, met Monday night to plan future events for the organization, according to information from Mrs. Al Bariteau recently.

The meeting was held in the home of Mr. Titus of Campbell. New bell man, Mr. Gilbert. Garland Bachman is Cub Master.

The Monday night meeting was the occasion to plan for the Blue and Gold pot-luck, which will be held February 23. The affair is planned to celebrate the birthday of scouting, a national event, since February is Scout month, said Mrs. Bariteau.

At the first part of each month the committee has a meeting to make plans for a big meeting during or at the last of the month. Both cubs and parents attend. In fact, said Mrs. Bariteau, parents must accompany the boys, who are between the ages of 8 to 10. She said that it is a family project.

Besides the committee meetings, each Den, just a part of the pack, meets at the various Den mother's homes, each week. The Hamilton avenue pack has two such Dens and a third one coming in.

The pack is a Campbell pack since the Hamilton area is in the Campbell school district. There are eighteen boys who belong at present to the Cubs, and most of them come from the area near Willow Glen.

**Hamilton Corners Has New Building;
An Important Addition To Area****Hamilton District
Adds More Names
To News List**

A new baby boy was born recently to Mr. and Mrs. Lester Williams, 1535 Hamilton avenue. They named their son David. Mrs. Williams is employed at the Telephone company.

Scout Master Harry Hammond of 1519 Keesling Avenue, has been ill but is reported back on the job.

Ed Arnold Sr. is recuperating from a bad accident which occurred while he was at work. He lives at 1727 Willowhurst.

Garland Bachmann, Cub Master of the Hamilton avenue pack, has recently purchased a new home in Campbell. He has been living a 1658 Willowhurst. However, Bachmann will remain as master of the Cubs.

Mr. Bonacich, brother of Mrs. Bennie Romano of 1584 Keesling avenue, is recuperating from an accident which occurred just before the recent holidays. Bonacich was injured in a crash on Meridian road.

**McCune Wins Fifth
Straight To Cinch
First-Half Laurels**

The high-flying McClune Citrus quintet won its fifth straight game to capture the first half championship of the Campbell Senior Basketball league Thursday night.

Off to a slow, cumbersome start, the Citrusmen rallied to trounce Western Gravel, 57 to 36. For 20 minutes the losers handled the champs in no gentle way, holding a 21-20 lead at halftime.

But class and combined years of college play proved too much as the ultimate victors tallied 37 points after intermission while holding Bob Burgstrom and company to only 15.

Burgstrom, high scorer for the first half of the league, was limited to one field goal and free throw in the second half, nine points in all.

McClune, undefeated in two major loops around this area, accounted for 21 points in a torrid final quarter. Playing under high school rules that designate eight-minute quarters, the hot McClune five averaged three points per minute in that last stanza.

Scoring honors were evenly divided among the victors. Junior Morgan and Bobby Wuesthoff, two former San Jose State college cage greats, accounted for 14 points apiece. Teammate Hal Kaiser hit for 13 markers.

High man for the night was Guard Palla of Western Gravel who netted 15 points on four buckets and seven charity tosses.

The two remaining games were cancelled via the forfeit route. With McClune's already in, Los Gatos Merchants won by forfeit from Jones' Service and Rossi's forfeited to the Busy Bee.

**FINAL STANDINGS
(first half)**

	W	L	Pct.
McCune	5	0	1.000
Los Gatos	4	1	.800
Busy Bee	2	3	.600
Jones	2	3	.600
Western Gravel	1	4	.200
Rossi's	1	4	.200

(Second half play starts next week).

**Novakovich Nets 37
Cops Cage Play-Off
Points As Maderis**

Joe Novakovich practically single-handed led Maderis Market to a 59 to 41 win over Campbell Hardware Tuesday night in a special play-off at the high school gym.

Novakovich accounted for 22 total of 37 points as Maderis, a Johnny-come-lately squad, knocked Campbell out of contention for first-half honors. Maderis will now meet Santa Clara Lumber for the league title. At this writing no definite date has been arranged.

Last week Maderis tripped the same Campbell Hardware crew to throw the loop into a three-way tie. Up to that time, Campbell was undefeated.

Novakovich accounted for 22 points in the first half as the winners enjoyed a 36-22 half-time margin. In all, the plucky center netted 16 baskets and five free throws.

Hamilton Corners, known to most Willow Glen residents, has a brand new addition at Meridian and Hamilton avenues, according to information from Copple Construction company, agents for the new building that has been constructed there.

There are seven stores with a long, covered patio on the front, which is the focal point of the entire building since all the stores open off the walk-way. Brick planting boxes add to the atmosphere. The shake roof is an unusual feature to the commercial building.

A convenience today is a parking area, which the new construction has. It is all off-street parking and concrete paved.

Six of the stores are 18 by 60 feet with the corner shop 25 by 60 feet.

According to the agents, there is expected to be the Sparkle Dry cleaners grand opening on or about February 1. Although not confirmed, there may be a dress shop also.

Copple Construction company is the agent for the building. A. J. Gianotti of Menlo Park is owner. Warren Crinklaw, Roycott Way, is contractor.

Property size is 100 by 150 feet, and the building itself is 135 by 70 feet. Investment of the building and property is estimated to be \$60,000, the stores amounting to \$49,000.

The new group of stores is a strategic spot, according to the agents. It will serve West Willow Glen besides the traffic from Campbell and Los Gatos. Other stores opposite these are Avila's market, Hamilton avenue Hardware, Hamilton avenue Beauty shop, and House of Treasures plus Tra-Ve Service Station.

The area in Hamilton area has four new post-war tracts and rapidly growing. They are Cherry Woods with 103 lots, Arroyo Woods, Western Gardens, and DeAnza Tract. Arroyo has 25 to 30 lots, Western Gardens with 150 lots, and DeAnza with over 100 lots. The agents said that here are no curbs or residential building, although there is a definite financial curb. There will be no more buildings for commercial purposes such as the structure on Hamilton Corner because of commercial restrictions.

Two new recent streets that have opened up in the area are Grace avenue and Norman Avenue. Much of the area in the new tracts are restricted-type homes.

Morgan Joins FB Center

Milford L. Morgan, Route 2, Box 707 Quito road, Campbell, has become a member of the Westside Center of the County Farm Bureau.

Typical Unemployment Fund Chiselers Described By Jobless Pay Series

By Ross Graham

(Editor's Note: This is the fourth of a series of ten special articles.) It would be hard to believe such a sweet, neat and business-like appearing girl is one of thousands who are "chiseling" the California unemployment insurance fund to such an extent that even in this year of prosperity, the fund is diminishing.

She is a typical example of the chiselers who "are available for work," a requirement in order to get unemployment benefits.

This little lady got tired of working and wanted a vacation—with pay—on the expense of the public pocketbook—and her fellow workers. So she quit her job and after waiting the disqualification period, began to draw the maximum of \$25 a week for 26 weeks.

TYPICAL CHISELER

She must have been capable, because she held her previous job long enough to pile up the required earnings in her base period to qualify for unemployment insurance payments.

Let's say she is a stenographer. She makes her regular report to the Unemployment Insurance Commission branch office and states she is available for work. There are numerous calls for stenographers, so she is given a referral slip and sent out to be interviewed by a prospective employer. She does not get the job.

If the Commission checks up, it finds: She refused the job because the pay was insufficient. She refused the job because she would be required to do mimeograph

work in addition to stenographic work. She went home before applying for the job, put on sloppy clothes, made her entire personal appearance sloppy, used bad grammar at the interview and, if given a typing test, deliberately failed.

AVAILABILITY QUESTION

Probably more chiseling is perpetrated on the question of availability than in any other way. The Commission disqualifies more individuals on this issue than on any other.

But still, too many of these chiselers get by.

A laundry worker is out of a job. She files a claim for benefits. There is a demand for most laundry workers. She holds out as long as she can on grounds there is no job within reasonable distance of her home. What is "reasonable distance" for an honest worker?

Again, here is a case where the employer helps a worker chisel: A garment worker during the slack season is given \$150 in work tickets. The first week she turns in \$15 in work tickets to her employer, who gives her a partial earning slip to give to the Commission, showing earnings for the week as \$15. She is paid \$13 in benefits from the fund.

The worker does this the next week, and the next. The fourth week she turns in the remaining \$105 in work tickets and of course does not apply for unemployment payments for that week.

In this manner the employer keeps the worker from seeking steady work elsewhere, and thus available to him when he needs her. The fact that it is a dishonest raid on the unemployment insurance fund does not bother him. He is paying the maximum rate of 2.7 per cent anyway. What has he to lose?

If enough employers do this, he will lose his 2.7 per cent tax rate, along with every other employer, and pay 3 per cent or higher in order to keep the unemployment insurance fund solvent.

How about this new amendment to the act, that individuals asking benefits be forced to "seek work on their own?"

This is one of the easiest requirements to evade, possibly because the Unemployment Insurance Commission does not have enough investigators to check such people.

When making her weekly appearance for certification of benefits at the Unemployment Insurance Commission office, the average person's interview lasts less than one minute. A man, or woman, intent upon chiseling, will come prepared with a list of firms and state that he or she has applied, in vain, at all of these firms for work. Even if the Commission had the personnel to check such claims, it would in many cases be impossible, because the average firm does not keep a record of all the people who apply for work.

So there is no way to check these claims, and the chiseler goes merrily on for another week, on unemployment insurance.

One weakness of the unemployment insurance act is that the "suitable employment" definition is too restrictive. It doesn't allow a bricklayer to refuse a job laying yellow bricks because he is a "red brick" layer, but in too many cases it allows a claimant to get unemployment insurance and refuse employment on similar flimsy pretenses.

The commission tries to send out qualified applicants for jobs, but the commission needs amendments to the act if it is going to stop such chiseling.

Outright frauds against the act, which are punishable as felonies, will be described in the next installment.

NEW CANCER RESEARCH REPORTED AT U.C.

Berkeley — Formaldehyde and formic acid, two compounds which are poisonous to man, paradoxically play a critically important role in the chemistry of the body. Formaldehyde is used for tanning leather and as a disinfectant. Formic acid is a poisonous chemical found in nettles and also used by ants to sting their foes.

The body not only makes the two poisons; their manufacture and use as building blocks appear to be the center of a chemical cycle which may throw new light on basic processes of cancer, hardening of the arteries, high blood pressure and other diseases caused by deranged body chemistry.

The work has been reported by two scientists in the University of California School of Medicine, Dr. David M. Greenberg, professor of biochemistry, and Dr. Philip Siekevitz, U.S. Public Health Service Research Fellow. Their research is being financed by the cancer funds allotted to the University by the State Legislature, and by the American Cancer Society and U.S. Public Health Service.

The scientists have determined that mobile reservoirs of the two chemicals exist in the body at all times. The two poisons are manufactured by the body's breakdown of fats and proteins. The chemicals either are burned up or immediately snapped into new chemical reactions.

ance fund does not bother him. He is paying the maximum rate of 2.7 per cent anyway. What has he to lose?

If enough employers do this, he will lose his 2.7 per cent tax rate, along with every other employer, and pay 3 per cent or higher in order to keep the unemployment insurance fund solvent.

How about this new amendment to the act, that individuals asking benefits be forced to "seek work on their own?"

This is one of the easiest requirements to evade, possibly because the Unemployment Insurance Commission does not have enough investigators to check such people.

EVASION EASY

When making her weekly appearance for certification of benefits at the Unemployment Insurance Commission office, the average person's interview lasts less than one minute. A man, or woman, intent upon chiseling, will come prepared with a list of firms and state that he or she has applied, in vain, at all of these firms for work. Even if the Commission had the personnel to check such claims, it would in many cases be impossible, because the average firm does not keep a record of all the people who apply for work.

So there is no way to check these claims, and the chiseler goes merrily on for another week, on unemployment insurance.

One weakness of the unemployment insurance act is that the "suitable employment" definition is too restrictive. It doesn't allow a bricklayer to refuse a job laying yellow bricks because he is a "red brick" layer, but in too many cases it allows a claimant to get unemployment insurance and refuse employment on similar flimsy pretenses.

The commission tries to send out qualified applicants for jobs, but the commission needs amendments to the act if it is going to stop such chiseling.

Outright frauds against the act, which are punishable as felonies, will be described in the next installment.

WAR AND SOLDIERS

Chances are that only one man, Premier Joseph Stalin, knows whether or not World War III will be turned loose in 1951, making it rather foolish to predicate the year on either world-wide conflict or peace.

Even now, peace exists only as a word in the dictionary—with the world suspended in a twilight zone midway between all-out war and peace. The economics of the situation in the United States, however, calls for a near war footing, a high state of defense preparedness. That seems to be the general consensus.

LUXURY ARMY

It is in this atmosphere that General George C. Marshall, Secretary of Defense, has informed Congress that our military personnel standards are "too luxurious." In this, General Marshall echoes the earlier statements of General Mark W. Clark, chief of the Army ground forces, who claims that "the standard of luxuries" will have to be reduced if U.S. troops are going to fight either Russian or Red Chinese soldiers.

Certainly no American, least of all General Clark or General Marshall, wants anything less than the Nation can provide for U.S. troops to make life a little more easy, war a little less grim. In that spirit, GI Joe has become the best fed, best equipped, most looked after, and most expensive soldier fielded in the annals of history. The Nation wants no less.

General Marshall and General Clark, from the tenor of their remarks, are worried, however, about an offshoot of the law of diminishing returns. The country can afford only so much—it has only so many men. Today, military statistics show, every fighting Army division (18,000) is backed by from 32,000 to 60,000 service or non-combatant troops.

MORE COMBAT TROOPS

Within the United States, each combat division is supported by some 25,000 service troops of one nature or another. General Marshall and General Clark contend that this is too much "fat" for a fighting machine. It costs too much and is too much a luxury proposition. To support this contention, the Generals point out that despite the spending of over 58 billion dollars on national defense since 1946, the Army is not able to furnish General MacArthur another division for Korea.

In other words, it would seem the Generals are not so much interested in paying soldiers less or feeding them in poorer fashion as they are in cutting out some Army frills and releasing more men for actual combat duty. To that end Assistant Defense Secretary Anna M. Rosenberg has informed Congress that the Army has been instructed to "squeeze" one or two more combat divisions (18,000 to 36,000 men) from present military personnel.

TWO MILLION CIVILIAN EMPLOYEES

At the same time, there is agitation for a "squeeze" on civilian government personnel, too. According to reports, the Government currently employs roughly two million civilian persons, about 40 percent of whom work for General Marshall.

Waste of manpower is doubly a

California To Pay 8.2 Percent Of U.S. Budget For '51-'52

The people of California, 7 per cent of the population of the United States, will have to pay 8.2 per cent of the \$71.6 billion federal budget for 1951-52, California Taxpayers' association declared today.

California's share of the \$71.6 billion federal budget will be \$5,842,000,000—an average of \$543 for each man, woman, and child in the 10,757,250 population of the state at January 1, 1951.

Santa Clara county's share, with a population of 308,900 at January 1, 1951, will be \$167,733.00, the Taxpayers' association pointed out.

If as President Truman has suggested, the \$71.6 billion budget is financed entirely out of current taxes, the 1951-52 federal tax bill for each Californian would far exceed the highest per capita federal tax bill of World War II, when the federal government collected an average of \$446 per person from Californians—a total of \$3,722,465,000 for fiscal 1945.

"The magnitude of the federal budget makes it clear that the state legislature, county boards of supervisors, city councils, school boards, and all other governing bodies, and all other governing to every spending proposal that is not absolutely essential," the Taxpayers' association declared.

NOTE: California's share of the federal budget is based on the percentage of individual income, corporate income, and excise and miscellaneous federal taxes borne by California.

Property Taxes Show Increase

Property tax bill in Santa Clara county for county purposes alone this year reached \$7,210,546, up 18 per cent from the \$6,136,502 levy for last year, 1949-50, California Taxpayers' association reported today.

Property taxes for cities, school districts, and other districts in the county are not included in these figures.

For fiscal 1944-45, war year, the county's property tax levy amounted to \$2,247,044. For 1939-40, pre-war, it was \$2,366,590.

Throughout California, the property tax bill for county purposes amounted to \$303,781,966 for this year, 1950-51, 16 per cent greater than the \$261,355,899 levy for 1949-50, the association found.

Statewide, the total property tax levy for the counties for 1944-45 was \$124,009,822. For 1939-40 it was \$119,045,053.

"The direct property tax is only one of the sources which finance expenditures by counties in California," the Taxpayers association pointed out.

"A good-sized part of the county road budget is supported by state-collected gas and motor vehicle taxes.

"Much of the county budget for aid to the needy is financed by subventions from the state and federal governments—and the same people pay state and federal taxes.

"Everyone agrees that property taxes in California are high—as are all other kinds of taxes, federal, state, and local," the association said.

1951 TB Fund Up To 83 Percent Of Its Goal

Praising the work of the many volunteers throughout this county who helped with the 1950 Christmas Seal Sale, Dr. John von Saltza, president of the Santa Clara County Tuberculosis Association, reported last week that returns total \$54,417.19 which represents 83 percent of the goal of \$60,000.

Although the Seal Sale officially closed on December 25, returns are continuing to come into headquarters of the association, von Saltza added. The association is grateful for these late returns, which are badly needed to reach the minimum (\$60,000) needed to carry on the 1951 program which starts with the new fiscal year on April 1.

The tuberculosis association's program will include the supplying of educational materials to schools, hospitals, professional groups, community groups, and others; free chest X-ray service to every person in the county, and free tuberculin to physicians. Seal Sale funds also will be used toward vital research programs for finding better ways of controlling tuberculosis.

The Santa Clara County Tuberculosis Association's year-round, county-wide program is endorsed by the county health department and the County Medical Society, and is supported entirely by Christmas Seal Sale funds.

SERVICE NOTES

HIGH ALTITUDE FLIER

Lt. (jg) Joachim F. Speciale,
USN, son of Mr. and Mrs. John
Speciale of 264 Leigh ave., Campbell,
Calif., knows how it feels to
climb from sea level to 40,000 in
a matter of minutes without having
left the ground.

He recently completed a refresher
course in high altitude flying
at the Naval Air Station, San
Diego, Calif.

During the course he went "up"
in simulated flight in one of the
Navy's massive low-pressure chambers
which produces atmospheric
conditions and pressures that are
found at 70,000 foot altitudes.
The course demonstrates the latest
types of oxygen equipment to show
the pilot his physical limitation
before he is exposed to high altitude
flying.

He's a member of one of the
aircraft squadrons attached to the
U.S. Pacific Fleet.

4 CAMPBELLITES IN NAVY

The San Jose Navy Recruiting
Station announced today that four
more Campbell residents have been
accepted for enlistment in the
regular Navy. All four were accepted
as recruits and sent to San
Diego for training. They are:
Kenneth Earl Wyckoff, son of
Walter Wyckoff, 281 Harrison St.,
Campbell; Daniel Michael Filice,
son of Michael Tom Filice, 429
Pamilar Ave., Campbell; Reginald
Manuel Gazay, son of Reginald
Manuel Gazay, Sr., 175 Everett St.,
Campbell, and Paul Edwin Marcuson,
husband of Beverly Ruth Marcuson,
Campbell.

Sgt. 1/c Theodore F. Lindner,
671 E. McGlincey Lane, Campbell,
has been promoted to warrant officer,
junior grade, according to
announcement by Captain Don A.
Rascon, administration officer of
the 637th Field Artillery Battalion,
California National Guard.

CUHS Students Plan Show Sunday

A variety show for hospitalized
Korean War veterans will be
presented Sunday at 2:30 p.m. in the
hospital at the Presidio of San
Francisco by Campbell Union High
School students under direction of
Kenneth Wallace, drama teacher.
The show will be repeated at the
school later.

The hour and one-half show will
consist of comedy skits, vocal and
instrumental numbers and dance
routines. Darlene Mink, commissioner
of school affairs, will be
mistress of ceremonies.

Participants will be: Jack Bray,
Diane Pardue, Jim Scotter, Frank
Mantia, Glenda Dayton, Ripple
Langdon, Pat Taylor, Ruth Courtney,
Marlene Strong, Carol Bohnett,
Betty McCrary, Carlo Boncore,
Dick Lansdale, Harry Risicigno,
Sandra Bray, Marilyn Graham,
Marlene Filippone, Rosemarie
Magnasco, Beverly Clawson,
Richard Hevrin, Bob Adolfo, Bob
Mulberry, Lee McGowan, Yvonne
Barcure, Marlene Moore, Charlotte
Smith, Shirley Golden, Barbara
Komano and Erlene Jansen.

Another performance is slated
for Friday, February 2 at 7:45
p.m. in We and Our Neighbors
clubhouse for benefit of the Union
Elementary school orchestra.

Do you suffer distress from Periodic FEMALE WEAKNESS

which makes you
NERVOUS several
days before?
Do female functional
monthly ailments make
you suffer pain, feel so strangely
restless, weak—at such times,
or just before your period?

Then start taking Lydia E.
Pinkham's Vegetable Compound
about ten days before
to relieve such symptoms.
Pinkham's Compound works
through the sympathetic nervous
system. Regular use of
Lydia E. Pinkham's Compound
helps build up resistance against
this annoying distress.

Truly the woman's friend!
Note: Or you may prefer
Lydia E. Pinkham's TABLETS

VEGETABLE COMPOUND

Salary Raise For State Employees In Active Week Of State Assembly

By CHARLES S. GUBSER, Assemblyman, 29th District

The second week of the 1951 legislative session, like the first, has
been crammed with activity. The assembly now has introduced bills
numbering close to 2,000 and it is expected that by adjournment on
Tuesday or Wednesday, the number will be in excess of 3,000.

Most interesting debate of the week concerned the amount of
salary increases for State employees.

A. B. 31 introduced by
Mr. Sherwin, followed the recommendation of the Governor for a
5% increase retroactive to January
1, with another 5% increase in
July. The bill was amended to
read, a 10% increase on January
1, and, after heated debate, was
passed. The strongest argument
against the amendment was that
since the State Personnel Board
had been hired by the legislature
to determine the amount of salary
increases, their recommendations
should be followed. The general
consensus however, was that the
recommendations of the board
were inadequate in light of present
day living costs.

Hearings of the Joint Senate
and Assembly Committee on
the McLean Old Age Pension
Proposal, have been most interesting
and quite heated. It is
generally assumed that the
proposal will be referred to
the people at the next election,
since the legislature cannot
see its way clear to vote for
the amount of money which
the proposal requires. It is
quite possible, however, that
a change in feeling may result.

CROSS FILING

Rumors are that the same thing
will happen to the Cross-Filing
Initiative Measure. Many legislators
argue that their election did
not constitute a mandate to vote
for or against the measure. They
argue, therefore, that the measure
should be submitted to the people.
One assembly bill which is
concerned with this same matter
would require that the party
affiliations of each candidate follow
his name on the primary ballot.
Another measure allows cross-filing,
but requires that the two
candidates receiving the two highest
numbers of votes must engage in
a run-off at the general election.
The Cross-Filing Initiative appears,
at first glance, to be destined
for a return to the voters.

Either of the previously mentioned
assembly bills, if passed,
possibly will remove some of the
objectionable features of cross-filing
and may influence the voters
in their consideration of the proposal.

At this point I have introduced
the following bills: A. B. 785,
which would establish a Motor
Vehicle Registration office in
Gilroy, and A. B. 786, which would
accomplish the same, for the city
of Los Gatos.

I have also introduced a
series of nine bills which are
designed to improve standards
in private mental homes, and
to remove the embarrassment
which is usually involved in a
commitment to a mental institution.

OTHER BILLS

A. B. 1613, which I have introduced,
would remove the Vehicle
Weight Tax for farm trucks which
are used for incidental farm purposes,
and not offered for hire.

A. B. 1739, would require
a vote of the people to establish
police protection districts
in unincorporated areas, rather
than, merely the petition of
fifty free-holders.

A. B. 1740, is designed to simplify
the means by which propositions
are explained to the voters
prior to any election.

Other legislation which I have
introduced is designed to regulate
the production of oleomargarine
and imitation dairy products.

A. B. 1904, would require that
all eggs sold at retail in the State
of California which are produced
out of state, must be so labeled.

Another series of bills allows
for the establishment of Municipal
Courts in the city of San Jose,
Los Gatos, and other parts of
Santa Clara County, in accordance
with the terms of Propositions 33,
adopted by the voters at the last
general election.
